The Bureau of Land Management (BLM) is required to receive fair market value for the land sold and any bid for less than fair market value will be rejected. The BLM may accept or reject any and all offers, or withdraw any land or interest in the land for sale if the sale would not be consistent with FLPMA or other applicable law.

Sixth Principal Meridian

Sec. 33, lots 1, 2.

The above land aggregates 45.58 acres in Crook County.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION: This sale is consistent with Bureau of Land Management policies and the Newcastle Management Framework Plan. The purpose of this sale is to dispose of an isolated parcel of public land. The fair market values, planning document, and environmental assessment covering the proposed sale will be available for review at the Bureau of Land Management, Newcastle Resource Area, Newcastle, Wyoming.

The parcel will be offered by direct sale to the adjoining landowner. The adjoining landowner will be required to submit proof of adjoining land ownership before a bid can be accepted.

The publication of this Notice of Realty Action in the *Federal Register* shall segregate the above public lands from appropriation under the public land laws, including the mining laws. Any subsequent application shall not be accepted, shall not be considered as filed and shall be returned to the

applicant if the Notice segregates the land from the use applied for in the application. The segregative effect of this Notice will terminate upon issuance of a conveyance document, 270 days, or when a cancellation Notice is published, whichever occurs first.

Sale Procedures

1. All bidders must be U.S. citizens, 18 years of age or older, corporations authorized to own real estate in the State of Wyoming, a state, state instrumentality or political subdivision authorized to hold property, or an entity legally capable of conveying and holding land or interests in Wyoming.

2. Sealed bidding is the only acceptable method of bidding. All bids must be received in the Newcastle Resource Area Office by 11 a.m., July 28, 1993, at which time the sealed bid envelopes will be opened and the high bid announced. The high bidder will be notified in writing within 30 days whether or not the BLM can accept the bid. The sealed bid envelope must be marked on the front lower left-hand corner with the words "Public Land Sale, (W-94502), Sale held July 28, 1993."

3. All sealed bids must be accompanied by a payment of not less than 10 percent of the total bid. Each bid and final payment must be accompanied by certified check, money order, bank draft, or cashier's check made payable to: Department of the Interior-BLM.

4. Failure to pay the remainder of the full bid price within 180 days of the sale will disqualify the apparent high bidder and the deposit shall be forfeited and disposed of as other receipts of the sale. If the apparent high bidder is disqualified, the next highest qualified bid will be honored or the land will be reoffered under competitive procedures. If two or more envelopes containing valid bids of the same amount are received, supplemented sealed bidding will be used to determine the high bid. Additional sealed bids will be submitted to resolve all ties.

5. If the parcel fails to sell, it will be reoffered for sale under competitive procedures. For reoffered land, bids must be received in the Newcastle Resource Area Office by 11 a.m. on the fourth Wednesday of each month beginning August 25, 1993. Reoffered land will remain available for sale until sold or until the sale action is cancelled or terminated. Reappraisals of the parcel will be made periodically to reflect the current fair market value. If the fair market value of the parcel changes, the land will remain open for competitive

bidding according to the procedures and conditions of this notice.

Patent Terms and Conditions

Any patent issued will be subject to all valid existing rights. Specific patent reservations include:

1. A right-of-way thereon for ditches or canals constructed by the authority of the United States pursuant to the Act of August 30, 1890 (43 U.S.C. 945).

2. All minerals will be reserved to the United States, together with the right to prospect for, mine, and remove the minerals. A more detailed description of this reservation, which will be incorporated into the patent document, is available for review at the BLM Newcastle Resource Area Office.

SUPPLEMENTARY INFORMATION: The Nevada State Director of the Bureau of Land Management is establishing these supplementary rules which are necessary for the protection of persons, property and public lands and resources within the Red Rock Canyon National Conservation Area (NCA), lands acquired for inclusion in the Red Rock Canyon NCA, and all lands that may be incorporated into Red Rock Canyon NCA, in the Las Vegas District, as provided for in 43 CFR 8365.1-6. Violations of these rules are punishable by a fine not to exceed \$1,000.00 or imprisonment not to exceed 12 months, or both, as provided for under the Federal Land Policy Management Act (Pub. L. 94-579) as amended by 18 U.S.C. 3571(b)(5).

Some of the supplementary rules make reference to "designated" roads, "designated" fruits, nuts, plants, or berries, "designated" trails, and so on. Those designations are currently being developed as part of the resource management planning process for the Red Rock Canyon National Conservation Area. Those designations may not

become final until after these supplementary rules take effect.

These supplementary rules were published in the *Federal Register* as proposed rules on December 13, 1991 (56 FR 65095). Nine comments were received. Three of the comments were general in nature either in favor of or opposed to the rules, without specifically addressing them. The remaining six comments were specifically focused on individual rules.

Several commenters made proposals that were either beyond the scope of the proposed rules, or exceeded the Bureau's statutory authority. An example is a proposal to ban trapping within the National Conservation Area, which exceeds the Bureau's statutory authority. Two commenters opposed the proposed rule allowing designation of a target shooting area, and that proposal was dropped; several commenters opposed the proposed rule on disposal of human waste, which was modified to allow burial of waste instead of requiring that it be removed; lengthy comments on protection of rock art, which resulted in modification of the proposed rules to close all areas within fifty feet of any rock art to climbing; and minor drafting, spelling, and organizational changes to make the rules clearer. The proposed rule requiring registration for overnight climbs is deleted, as is the proposed rule that all pets must be on a leash or under physical control at all times.

Rules for Non-commercial Soliciting, Public Assemblies or Meetings, Sale or Distribution of Printed Material, Spray Paint and technical aspects of vehicle use after hours were added in response to comments and for further clarification.
