

# Stone Cabin Herd Management Area Wild Horse Adoption September 24, 2016

All of these weanlings and yearlings have been vaccinated, dewormed and tested for Equine Infectious Anemia (Coggins test). The adoption fee will be \$125 though a lottery drawing. \$100 gelding voucher is available for all studs. These horses were gathered between September 4 and September 14, 2016 from the Stone Cabin HMA through water trapping. For more information, about the gather and the adoption, please see the Stone Cabin HMA Gather/Adoption Website at <http://on.doi.gov/2bKxpvN>.

Tag #6745: Chestnut weanling filly

Tag #6746: Bay weanling filly

Tag #6747: Gray weanling filly

Tag #6748: Bay weanling stud

Tag #6749: Sorrel weanling filly

Tag #6750: Sorrel weanling stud. This weanling was the first to take hay from staff's hand, and is really curious!

Tag #6751: Buckskin weanling stud

Tag #6752: Grulla yearling stud. He has been pretty mello from early on.

Tag #6753: Chestnut weanling filly. She has been taking hay from hand, and letting staff rub her on her face, legs and belly through the panels.

Tag #6754: Sorrel weanling stud

Tag #6755: Brown weanling stud. Timid, curious and taking hay from hand.

Tag #6756: Sorrel weanling stud. He has been taking hay from hands and is really curious!

Tag #6757: Sorrel weanling stud. He has enjoyed rubs on his chest, ears, face and neck, and readily takes hay from hand.

Tag #6758: Gray yearling filly

Tag #6759: Bay weanling filly

Tag #6760: Chestnut weanling stud
