Scale 1:24,000

Users can help ensure a safe trip by adequately planning and staying prepared. Getting oriented can be challenging on trail networks and generally unimproved. Users are advised to carry a map and compass, or a GPS device, and to use them frequently. Users are advised to use the accuracy, reliability, or completeness of these data for individual or aggregate use with other data. Original data were compiled from various sources. This information may not meet National Map Accuracy Standards. This product was developed through digital means and may be updated without notification. M77-04-02
