Rogue River Ranch Artist in Residence Program Summer 2023

The BLM Artist-in-Residence Program (AIR) is founded on the belief that because artists look closely at the way the world works, notice things that others may have missed, challenge ideas, and create in a variety of forms, they can provide new ways to look at and appreciate public lands managed by the Bureau of Land Management (BLM). Artists see beauty and value in the natural places that are promised to future generations of Americans by the management practices of the BLM. Artists can help us to share the scenic beauty and unique stories of BLM-managed land with the public through the world of art. AIR provides artistic and educational opportunities that promote deeper understanding and dialogue about the natural, cultural, and historic resources on public lands. The Artist-In-Residence program at BLM offers writers, composers, and visual and performing artists the opportunity to pursue their artistic discipline amid inspiring landscapes.

Artist-in-Residence at Rogue River Ranch

The Rogue River Ranch Artist-in-Residence Program is committed to supporting artistic efforts that support the public lands. Artistic expertise, professionalism, and creative uses of artistic media are encouraged. Selected artists receive a one to two-week residency at the Ranch during the summer between June and August. The Ranch has a functioning kitchen featuring a gas stove, refrigerator, and microwave, as well as a full bath. The selected artist will be responsible for maintaining the cleanliness of the living space. The nearest town is Glendale Oregon, two hours away by back country roads. Applicants are asked to plan accordingly when applying and be prepared for remote living during their stay. Cell service is sparse to nonexistent, but a landline and is available. The artist will have full access to the historic ranch, the Rogue River Trail, and the surrounding wilderness.

Artwork Donations

Participating artists are asked to donate to the BLM the use of an original piece of artwork from their residency. The artist will retain both the original and the copyright. A shareable artistic product must be donated to the BLM by September 30, 2023. The BLM is especially interested in artwork relevant to its mission. Artwork may be used in exhibits and for educational purposes. In addition, artwork may be used by non-profit partners for items such as postcards, posters, and similar items. During their stay, artists share their work in a public presentation.
