

Join Us for the September 4, 2024, Oil and Gas Rules Overview Webinar

Industry Colleagues,

We are pleased to invite you to the upcoming September 4, 2024, Oil and Gas Rules Overview webinar, an essential session for professionals in the oil and gas industry operating on Federal onshore minerals. This event will cover two pivotal new regulations:

1. **Waste Prevention, Production Subject to Royalties, and Resource Conservation Rule**: This rule introduces significant changes aimed at reducing waste and ensuring that production activities contribute fairly to public revenue.
2. **Fluid Mineral Leases and Leasing Process Rule**: This rule revises the Federal onshore oil and gas leasing process to ensure responsible development of our nation's oil and gas resources.

Event Details:

- **Date:** September 4, 2024
- **Time:** 3:00 PM EDT
- **Zoom Registration Link:**
https://blm.zoomgov.com/webinar/register/WN_2sID8JdhQkCmbaJMXTaniQ

The webinar will include detailed presentations from experts who will walk through the key aspects of these rules, followed by a question-and-answer session to address any questions you may have.

This is a crucial opportunity to stay informed and ensure your operations align with the latest regulatory requirements. We encourage you to mark your calendars and join us for this informative event.

Please register by September 3, 2024, to secure your spot.

We look forward to your participation.

Best regards,
Alexander Jensen
Branch Chief, Fluid Minerals
BLM Nevada State Office
