Solar Energy Acreage Rent Schedule uses the Cash Rents Pastureland survey values from the final rule publication: years 2017-2021.

A re-evaluation of state-specific per-acre rates will occur in 2025 using most recent full calendar year Cash Rents Pastureland survey data (2020-2024). The re-evaluation will set the Solar Energy Acreage Rent Schedule for years 2026-2030.
