National Conservation Area

### Recreation Fee Program Spending & Accomplishment Highlights 2023

#### Kiosk/Sign Replacement

#### Electrical Outlet Installation

Finished informational Kiosk

**Amount Expended: \$4,300.00**

During Fiscal Year 2023, BLM National Conservation Area (NCA) personnel re-designed the informational kiosks and signs at the entryways to Bureau of Land Management lands on the Fort Stanton-Snowy River Cave NCA. This project is being done to provide clear information to the public, including rules, a map, area highlights and announcements. This project will enhance the visitor experience overall. Federal Land Recreational Act funds were used to purchase signs, steel, paint, plexiglass and other hardware.

GFI Electrical Outlet at Rob Jagers Campground

**Amount Expended: \$600.00**

Using Fiscal year 2023 funding, the Roswell Field Office has had GFI electrical outlets installed at the Rob Jagers Campground's Group Shelter. This shelter is used often by the visiting public, Scout Troops, and Special Recreation Permit holders for gatherings. A common request from the public was to have electrical outlets installed in the shelter to make use more efficient. This improvement is being enjoyed by the public and creating a more user-friendly site for hosting events.

*Recreation fee dollars are an investment in outdoor recreation. Current and future generations benefit as 100% of the funds collected are reinvested in the facilities and services that visitors enjoy, use, and value.*
