1. Processing and Monitoring associated with the application or existing grant.	Estimated Federal work hours are ≤ 8.	\$278
2. Processing and monitoring associated with an application or existing grant.	Estimated Federal work hours are $> 8 \le 24$ .	\$1,113
3. Processing and monitoring associated with an application or existing grant.	Estimated Federal work hours are $> 24 \le 40$ .	\$2,227
4. Processing and monitoring associated with an application or existing grant.	Estimated Federal work hours are $> 40 \le 64$ .	\$3,618
5. Master agreements.*	Varies depending on the agreement.	As specified in the agreement.
6. Processing and monitoring associated with an application or existing grant, including preliminary-application reviews.*	Estimated Federal work hours are > 64.	Full reasonable costs (FLPMA) Full actual costs (MLA)

<sup>\*</sup>Preliminary application review costs are those expenses related to meetings held between a federal agency and the applicant to discuss a right-of-way application. These reviews are required only when an application is for a wind or solar right-of-way but are encouraged for other right-of-way application filings. A Master Agreement may include preliminary application review costs.
