Hi Shelby,

I was looking through my file and I never received a Certified copy of the Uncommon Variety in the mail.

I just have the one you sent in email form.

Can you verify for me if this was sent out Certified mail and if so is there away we can track it?

If you did send will verify what address it was sent to, it will help track

Let me know, Thanks again for all your efforts they are much appreciated.

I want to follow up, and see if you had news from Matt Shumaker on the Uncommon Variety. I would like to know if there is an estimated time when he will have the review completed. I know Matt has had the review since March 8th and realize he may be busy. Any feedback on completion would be much appreciated.

Hi Areta,

There is no certified letter correspondence information on that memorandum, so I don't believe that was mailed, only emailed. However, I have carbon-copied the State Office and attached the referenced document to see if we need to follow up with any additional correspondences with that.

Talk to you soon!

We can tell her there's no letterhead or certified letter policy related to this, so a print-out of emailed copy of the form is fine? Not sure either, but I think that's what she's getting at :)

I want to follow up, and see if you had news from Matt Shumaker on the Uncommon Variety. I would like to know if there is an estimated time when he will have the review completed. I know Matt has had the review since March 8th and realize he may be busy. Any feedback on completion would be much appreciated.

Meanwhile if any of you have any comments or questions on the MPO; please feel free to contact myself, Amanda or Al.
