Attachments: Resolution - BLM RE_ Tuffa Mine.doc

Patrick: FYI, Barbara Fox-Thomas on Yavapai County Supervisor Rowle Simmons' staff cc'ed me on his submission of a county resolution for consideration at the June 1 meeting of the Board of Supervisors. I spoke with Barbara and the Supervisor at length about it last week, and this does reflect what we discussed about the NEPA process. The resolution calls on BLM do conduct a public review process, environmental analysis, and prepare an EA. Basically, it provides support for the EA process we would follow and our purpose for meeting with the company last week.

Attached is a draft Resolution in support of the BLM conducting an Environmental Assessment (EA) at the site of the proposed Tuffa Mine. At the Community meeting last Thursday- 116 folks were present and in opposition. It is due to the overwhelming response that BLM will conduct an EA.

Rowle let the Community know that we will be writing a Resolution and will be supporting the Community.

Thank you,

Barbara Fox-Thomas

Have we done a **formal briefing paper** and/or Early Alert for the SO on this? Considering how political is now is, I would advise this.

Adam...can you get with Rem on this please?

Rem,

Attached is a draft I created with morning for an Early Alert regarding the Tuffa Mine resolution. Could you please give it a once over and let me know if I've accurately captured what's needed, as this is my first go at one of these. After your edits I'll run it by Pamela just to be safe before I send it out.
